the premier forum for  
advances in visualization and  
visual analytics

## IEEE VIS 2022!

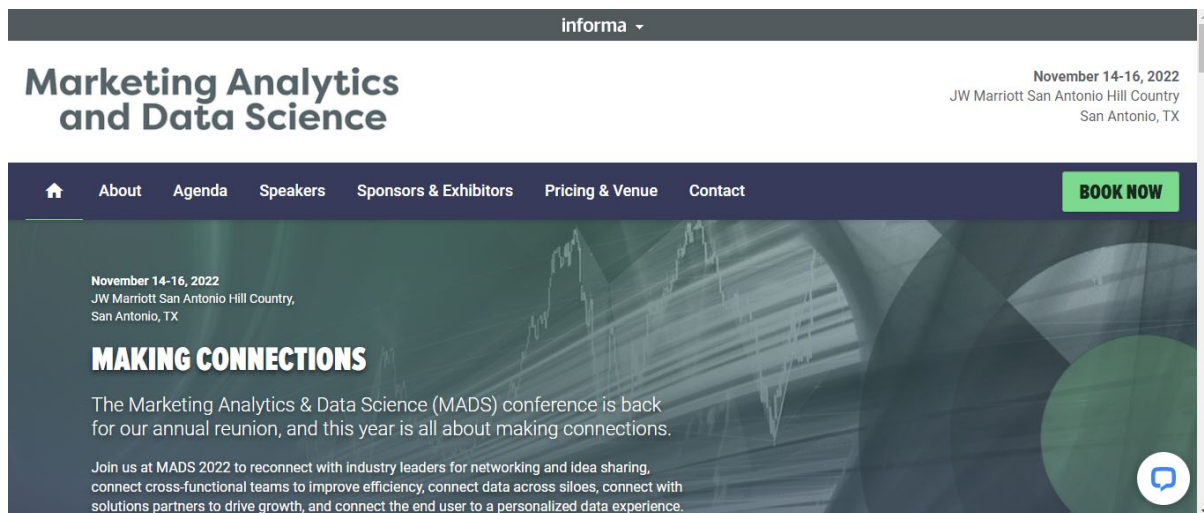

the premier forum for advances in  
visualization and visual analytics

Visualization & Visual Analytics

Oklahoma City, USA (Hybrid), 16-21 October 2022

VIS 2022 will be the year's premier forum for advances in theory, methods, and applications of visualization and visual analytics. The conference will convene an international community of researchers and practitioners from universities, government, and industry to exchange recent findings on the design and use of visualization tools.

## [Marketing Analytics & Data Science Conference](#)

November 14-16, 2022

JW Marriott San Antonio Hill Country, San Antonio, TX

The goal of the Marketing Analytics and Data Science organization, or MADS, is to break down silos between the disciplines of marketing analytics and data science so organizations can deliver maximum business impact. All sessions and speakers at MADS focus on three core principles: Best practices for ensuring synergy between data science and analytics; hacks to ensure a data-driven mindset is embedded into your organizational culture, and proven strategies for enhancing the value of impact in the overall organization.

## [Forrester Data Strategy & Insights](#)

DECEMBER 6 – 7, 2022 | AUSTIN & DIGITAL EXPERIENCE

We are in the midst of a data, insights, and AI revolution. The companies that can run faster in the insights-to-action loop are set to lap their competitors. Data and technology leaders are well-positioned to break down silos and lead this insights-driven business transformation. They will do this by tackling technical challenges of data quality, data governance and data engineering as well as organizational challenges around staffing, resources, data ownership, and data literacy. They will innovate with analytics and AI to find meaning behind data. But most importantly, data and technology leaders will lead their organizations into the future by delivering capabilities that create intelligence and help business leaders act on that intelligence to generate business results.

## SIGGRAPH

11 - 08Aug 2022

Vancouver Convention Centre East, Vancouver, Canada

ACM SIGGRAPH is a special interest group within ACM, and SIGGRAPH 2022 is the premier conference for computer graphics and interactive techniques worldwide. This year, we gather in person in Vancouver and virtually to celebrate our diverse, global community and the stories, innovations, and industry advancements that make us SIGGRAPH.
